

AGIP 7005

AGIP 7005 is a fully synthetic, "LongLife" lubricant of top quality for gasoline and diesel engines of those cars of the Volkswagen Group ("year2000 models") equipped with a system for prolonged service intervals, for which a VW 503 00 or 506 00 lubricant is prescribed. It is moreover fully indicated for models of other makes for which an ACEA A5 or B5 as well as ACEA A1 or B1 lubricant is specified. The product is not intended for use on models for which different lubricant specifications are prescribed.

CHARACTERISTICS (TYPICAL FIGURES)

AGIP 7005

Gradations SAE		0W-30
Viscosity at 100°C	mm ² /s	9,6
Viscosity at 40°C	mm ² /s	55
Viscosity at -35°C	mPa.s	5500
Viscosity Index	-	160
Flash Point COC	°C	220
Pour Point	°C	-45
Mass Density at 15°C	kg/l	0,850

PROPERTIES AND PERFORMANCE

- AGIP 7005 allows to attain the maximum service intervals prescribed by the vehicle manufacturer and provides premium protection for even light-use driving. It has excellent detergency properties, thus minimizing the formation of deposits in all parts of the engine and preventing ring sticking.
- Under cold conditions, the product shows outstanding fluidity, facilitates engine startup and remains pumpable, thus ensuring proper lubrication to the engine.
- AGIP 7005 has excellent fuel economy characteristics therefore it helps saving fuel and reducing exhaust emissions.

SPECIFICATIONS

AGIP 7005 is officially approved or meets the requirements of the following service specifications:

- Volkswagen 503 00 + 506 00
- ACEA A5, B5
